TIME TO LEAVE YOUR MARK.

K KOCH™
FERTILISER AUSTRALIA

BOOST YOUR BOTTOM LINE WITH A FERTILISER THAT'S DONE IT BEFORE.

For more than 75 years, farmers have relied on K-Mag[®] to help make the difference in their operations. And now, it's poised to make the difference in today's operations as well. Mined in Carlsbad, New Mexico, the three-nutrients-in-one granule farmers have relied on for over 75 years has everything today's farmer needs to thrive. Potassium, magnesium, sulfur and a pedigree no other fertiliser can match are just the beginning of what K-Mag provides. And a track record that comes with it.

K:Mag[®]

Unique combination of K, Mg and S in each granule for balanced crop nutrition across every acre.

Trusted performance for over 75 years.

Lower chloride (Cl^-) content minimises potential for fertilizer "burn."

Nutrients are available in a water-soluble form with a neutral pH.

Made with pride in Carlsbad, New Mexico.

Proven to improve crop quality and increase yields across a variety of crops and soil conditions.
